

Mentee Guide

SWE Mentee Exercises

Summary

The focus of the program is to support students on developing coding skills, soft skills, understanding the Facebook working culture and interview preparation (both technical and non-technical) - all of this in a hands-on approach.

Your Role

Please make sure you set up your Leetcode account and share it with your mentor, so they can track the status of your performance up to date. Below are the necessary exercises that you must complete by end of Module 1.

Performance Assessment

Exercises that your mentee should complete as deliverable of Module 1.
